

32 YEARS of FRIENDSHIP

Relations between Portland High Schools, Portland Maine USA and Gymnasium 6, Arkhangelsk Russia are very significant for students and teachers. The purpose of the project is to increase the mutual understanding of the cultures, history, geography, and languages of the Russians and the Americans through an authentic and sustained learning experience. The participants study different topics such as education, climate change and waste reduction, water quality, fisheries and wildlife habitat and biodiversity. They work in teams and try to achieve their goals. It's important for students to understand that we live on one planet. Moreover, the students develop friendly, peaceful, helpful relations between each other.
